Hello Nate,  
I'm assuming you are referring to Sepulveda Bl between Howard Hughes and 92nd St.

Just so you know, the contractor is required to complete maintenance every two weeks, but the contractor is not required to perform work on a set schedule (i.e. ever other Wednesday, etc). The scheduled days are subject to change due to holidays, rain/weather, equipment failures, and other variables that may compel the contractor to change his days of scheduled service,

This location was last serviced on 8/19/10. Next date of service is scheduled to be performed on 8/30/10.

Please call me if you have any questions.

Regards,

Hi Nate,

By way of this e-mail, I'm forwarding your request to Hector Banuelos of our Urban Forestry Division, who has direct oversight of our landsape maintenance contracts including Tru-Green's. I'm hopeful that he can provide you with the requested information about their maintenance schedule.

Lance,

Can you send me Tru-Green's maintenance schedule for these medians so I can forward it to the BID?

Our office had a nice meeting with Bill Robertson today about BOSS current status, and of course median maintenance came up.

Thanks,  
Nate
